DNV Certification B.V. is registered at the Dutch College Bescherming Persoonsgegevens, nr: m1012137.

**Validity Conditions:**

**During the validity period of this Certificate;**

1. The Certificate Holder must proof that he/she has frequently performed as Visual Welding Inspector VT-w, level 2, according to the ISO 9712/ EN 473:2008. In compliance with the standard EN 473:2008 par. 3.27 and par. 8.3.1., this certificate becomes invalid in case the Holder has not performed two or more periods which together exceed a period of 2 years or a period of 12 consecutive months as Visual Welding Inspector VT-w, Level 1/2.

DNV Certification B.V. can require from both Certificate Holder and Employer a written statement. In case of non-compliance or no sufficient reaction within the given time frame, DNV Certification B.V. will declare the certificate invalid.

2. The Certificate Holder must update and refresh his knowledge and skills on a yearly basis. Therefore, as a minimum, he shall;
  - pro-actively participate in relevant technical congresses and forums,
  - Participate in refreshment courses as assigned by the Committee of Experts
  - Keep and maintain a log book with registrations of all inspections, during the validity period of the Certificate, to be presented to DNV on request.

3. The certificate Holder must be able to present yearly, a written declaration, stating his conformity with the requirements as stipulated in the ISO 9712 & EN 473 with respect to the required visual abilities for Visual Inspectors.

**4. Renewal**

Upon expiry of the first period of validity and every ten years thereafter, certification may be renewed by the certification body for a new period of five years on presentation of:

- a) Verifiable documentary evidence of a satisfactory visual ability examination taken within the preceding 12 months;
- b) Verifiable documentary evidence of continued satisfactory work activity without significant interruption in the method and sector for which certificate renewal is sought.  
If the criterion for renewal are not met, the individual shall follow the same rules as for recertification  
It is the responsibility of the certificate holder to initiate the procedure required for renewal.

**5. Recertification**

Upon completion of each second period of validity (every ten years), the certified individual may be recertified by the certification body for a new period of five years, on the basis of the following requirements:

- a) meet the criteria for renewal
- b) Successfully complete a practical examination organized to a simplified procedure which demonstrates continued competence within the scope defined on the certificate.
- c) Successfully demonstrate during an audit conducted in the work place by the Certification Body with the employer's written consent, continued competence in the in the work performed

DNV Certification B.V. declares that this certificate CERT-98063-2010-ISO5817-ROT-RvA is extended for the duration of 5 years until 19 February 2020.
